SUBJECT COVER ATTACHMENT ----- TO EGMA 29530

Attached is a report on a message that was brought by a West German student from the Moscow Youth Festival hidden in the crack of a plastic case holding tourist photo racks of Moscow. The message, in Russian and German, is set down in the report and the original little case is also attached. May we please have a reply on the question asked in the last paragraph of the report before 13 October 1957?

15 October 1957

SUBJECT: Receipt of Message from Moscow

SOURCE: []

On 15 October 1957 Source brought up to the Security Office a small elastic case in the form of a tiny book. Inside the case were various photographs of scenes in Moscow, which were attached together and could be pulled out in a long strip for view. In the bottom of the case was an inked message in two languages (Russian and German), one on either side of a cheap piece of paper. The messages are as follows:

Front piece of message reads (in Russian):

To Radio Liberation

I often listen to your radio broadcasts and appeal to you to find my friends Krause and Khorvan (or Khorvai) Igor Nikolayevitch. I listen to you from 0,01 hours to 0,01 hours 10 minutes Moscow time 4-16-24 in September and October, Moscow time. My call letters - Maunov-Madejcin 437.

Reverse piece of message reads (in German):

Mein Herr!

Ich bitte sie meinen kleinen Brief zur station

"Befreiung" in Westdeutschland abgeben.

Andere Leute müssen ueber diese Sache nicht wissen.

The little case was brought from the Moscow Youth Festival by a West German student who handed it over to HFE from whom Radio Liberation received.

Source said that the sender would be answered tonight over RL to acknowledge receipt of the message. Source would like to know if the sender is known in any way to you, are the call letters familiar or are the names of the friends familiar. The last time for answering will be on the 23rd and Source is anxious to have some sort of information by then for a more complete reply.
